MEINIK, COLONEL ANDREI

Formerly of Austro-Hungarian service; after murder of KONOVALETZ (see Poland), became head of that division of pro-German Ukrainian movement known as Organisation of Ukrainian Nationalists or O.U.N.; this competes with, and is antagonistic to the Hetmantzy, a group headed by SKOROPADSKY (q.v.); it is openly protected by Reich; under Meïnik, OUN kept the semi-conspiratorial character it achieved under Konovaletz, and had branches in almost every country in Europe, North and South America; its ideological leader was DONTZOFF (see Poland); its headquarters were illegally located in Galicia, but publications were secretly printed in Germany; OUN also secretly supported newspapers in Poland, Paris, U.S., Canada and Argentina; many active OUN members, including MITCHUGA (see U.S.), went to Carpatho-Ukraine when it was formed and engaged in pro-German activities;

group is at present confused by shifting German attitude toward Ukraine.
